The diagram consists of several horizontal lines. The top line has a red segment on the left. The second line has a red segment on the left. The third line has a red segment on the left. The fourth line has a red segment on the left. The fifth line has a red segment on the left. The sixth line has a red segment on the left. The seventh line has a red segment on the left. The eighth line has a red segment on the left. The ninth line has a red segment on the left. The tenth line has a red segment on the left. The eleventh line has a red segment on the left. The twelfth line has a red segment on the left. The thirteenth line has a red segment on the left. The fourteenth line has a red segment on the left. The fifteenth line has a red segment on the left. The sixteenth line has a red segment on the left. The seventeenth line has a red segment on the left. The eighteenth line has a red segment on the left. The nineteenth line has a red segment on the left. The twentieth line has a red segment on the left. The twenty-first line has a red segment on the left. The twenty-second line has a red segment on the left. The twenty-third line has a red segment on the left. The twenty-fourth line has a red segment on the left. The twenty-fifth line has a red segment on the left. The twenty-sixth line has a red segment on the left. The twenty-seventh line has a red segment on the left. The twenty-eighth line has a red segment on the left. The twenty-ninth line has a red segment on the left. The thirtieth line has a red segment on the left. The thirty-first line has a red segment on the left. The thirty-second line has a red segment on the left. The thirty-third line has a red segment on the left. The thirty-fourth line has a red segment on the left. The thirty-fifth line has a red segment on the left. The thirty-sixth line has a red segment on the left. The thirty-seventh line has a red segment on the left. The thirty-eighth line has a red segment on the left. The thirty-ninth line has a red segment on the left. The fortieth line has a red segment on the left. The forty-first line has a red segment on the left. The forty-second line has a red segment on the left. The forty-third line has a red segment on the left. The forty-fourth line has a red segment on the left. The forty-fifth line has a red segment on the left. The forty-sixth line has a red segment on the left. The forty-seventh line has a red segment on the left. The forty-eighth line has a red segment on the left. The forty-ninth line has a red segment on the left. The fiftieth line has a red segment on the left. The fifty-first line has a red segment on the left. The fifty-second line has a red segment on the left. The fifty-third line has a red segment on the left. The fifty-fourth line has a red segment on the left. The fifty-fifth line has a red segment on the left. The fifty-sixth line has a red segment on the left. The fifty-seventh line has a red segment on the left. The fifty-eighth line has a red segment on the left. The fifty-ninth line has a red segment on the left. The sixtieth line has a red segment on the left. The sixty-first line has a red segment on the left. The sixty-second line has a red segment on the left. The sixty-third line has a red segment on the left. The sixty-fourth line has a red segment on the left. The sixty-fifth line has a red segment on the left. The sixty-sixth line has a red segment on the left. The sixty-seventh line has a red segment on the left. The sixty-eighth line has a red segment on the left. The sixty-ninth line has a red segment on the left. The seventieth line has a red segment on the left. The seventy-first line has a red segment on the left. The seventy-second line has a red segment on the left. The seventy-third line has a red segment on the left. The seventy-fourth line has a red segment on the left. The seventy-fifth line has a red segment on the left. The seventy-sixth line has a red segment on the left. The seventy-seventh line has a red segment on the left. The seventy-eighth line has a red segment on the left. The seventy-ninth line has a red segment on the left. The eightieth line has a red segment on the left. The eighty-first line has a red segment on the left. The eighty-second line has a red segment on the left. The eighty-third line has a red segment on the left. The eighty-fourth line has a red segment on the left. The eighty-fifth line has a red segment on the left. The eighty-sixth line has a red segment on the left. The eighty-seventh line has a red segment on the left. The eighty-eighth line has a red segment on the left. The eighty-ninth line has a red segment on the left. The ninetieth line has a red segment on the left. The ninety-first line has a red segment on the left. The ninety-second line has a red segment on the left. The ninety-third line has a red segment on the left. The ninety-fourth line has a red segment on the left. The ninety-fifth line has a red segment on the left. The ninety-sixth line has a red segment on the left. The ninety-seventh line has a red segment on the left. The ninety-eighth line has a red segment on the left. The ninety-ninth line has a red segment on the left. The hundredth line has a red segment on the left.
